IMPORTANT NOTES:

- 1) The BA in Economics major CAN HAVE any of the six non-Economics business minors (ACCO, DATA, ENTR, GBUS, MARK, & SONM) attached to it. However, NONE of the seven business concentrations can be attached to it (DATA, ECI, REAL, RMI, SLS, SOEN, SPMA).
- 2) Programs in red and shaded in pink are/have been/will be phased out, but may still have one or more active students pursuing the major/minor/concentration.

The following legend is provided as FYI, and primarily for Samford use only. Students will rarely, if ever, change to one of the following majors, nor can a student graduate under any of the following programs. Most are used for temporary or one-time only purposes.

--	--

Don't see a code listed for a particular program? A few codes won't be. Contact Jane at jeleask@samford.edu with questions.
 See a code for a program that is now obsolete? That's possible, as codes are sometimes retired/replaced more quickly than others.

Codes/programs that are being phased out will be in red and will remain on this list until there are no more active students in them.

NOTES ABOUT THIS FILE:**CATALOG YEAR**

The catalog year has been updated to the current academic year, but an earlier catalog year will be noted IF that's the last year for that particular degree, major, minor, or concentration. Students will likely still be in programs w/these older codes and will be allowed to complete them, but no new students will be admitted into them.

DEPARTMENT CODE

The department code is provided for informational purposes only. It is not displayed on transcripts or diplomas. It is primarily tied to majors, minors, concentrations, and courses in the Banner system.

BANNER DEGREE CODE (if different)

Why is there a difference? Because Banner originally limited degree codes to 3-digits, even though OFFICIALLY some of Samford's degree code abbreviations were 4-digits long (BSBA, etc.). That 3-digit limitation is no longer in effect, but codes created before this change was made will remain as they are.

FELLOWS OR U2 CODE (if available)

Why is there a difference? Because Fellows degrees (and now also U2) are coded with a distinct degree code in Banner in order to track the students in these programs. Fellows degree students follow the regular degree/major they are pursuing, but have different Core requirements and sometimes slightly different General Education requirements. The different code allows for this distinction and is evident in DegreeWorks. U2 students are students who have earned a prior Samford bachelor's degree but are returning for a second one. The U2 code helps distinguish the first bachelor's program GPA from the second.

If you have any questions, please contact Jane at jeleask@samford.edu.
